SELECTION PROCEDURE:

- The selection of candidates under NRI quota will be based on the marks obtained in the qualifying examination in the subjects Mathematics, Physics, Chemistry alone. For example, the aggregate percentage of marks of the candidate, who gets X/100 in Physics, Y/100 in Chemistry and Z/100 in Mathematics will be $(X+Y+Z)/3$.
- In the case of two or more candidates getting the same aggregate %age of marks, the selection will be made by considering their marks in English.
- If the marks of the candidates in reference are equal in English also, then their marks in Mathematics will be considered for ranking.
- A student scoring higher marks on the above criteria would have higher priority as compared to one scoring marks.
- In rare cases, where two or more applications have a tie on the basis of above criteria, the selection shall be decided on the basis of date of birth [*As per Christian Era*] of the student. The senior student would be preferred to the younger.
- In case of any further tie, EdCIL/NIT-Trichy shall decide the criteria as appropriate.
- In case, a student has passed from an Examining Body which award Grades only and does not disclose marks obtained by him/her, the student would be required to submit the Range of the Grade adopted by the concerned Board/Examining Body and the Merit/Priority in such cases, would be drawn on the basis of average/mean of the Range of the Grade scored by the student in each subject.
- The decision of EdCIL/NIT-Trichy in this regard shall be final and binding on all concerned.
- Depending upon the merit rank, eligible candidates will be issued provisional offer letter informing about the exact date and time of their counselling session for admission through Email and also through EdCIL's Website: **www.edcil.co.in;**
