ENAT BOOKING PROCEDURE

While booking your test schedule, please ensure that you have the following with you:

- A photocopy of your submitted application form
- Scratch card (for ENAT booking password)

A slot once booked cannot be changed. Requests for change of test centre, date or slot will not be entertained under any circumstances.

In case of non-availability of slots in a centre of choice, the candidate may choose to book a slot in an alternate centre.

Also, if for any reason, including poor response of candidates for appearing at a particular centre, a test centre has to be cancelled, the candidates who had opted for that centre will be allotted another centre. EPSI will inform such candidates individually.

The ENAT booking system is available only to those eligible candidates who have submitted the application forms complete in all respects on or before the last date mentioned for the respective courses.

It is the responsibility of the candidate to book their test schedule in ENAT BOOKING SYSTEM in the given time frame. EPSI will not be held accountable for the non-bookings. The entrance test fee will not be refunded under any circumstances for such cases.

A confirmation mail will be automatically sent to the email

address after the candidate has booked his/her schedule through the ENAT booking system.

No candidate will be allowed to appear for the ENAT twice for the same entrance test in a year. In the event of such attempt, their candidature will be cancelled and they will be liable to be debarred from taking examination either permanently or for a specified period to be decided by the EPSI. EPSI reserves the right to withhold the result of such candidates.

e-HALL TICKET

The e-hall ticket will be generated 48 hours after the candidate has booked his/her schedule through the ENAT booking system. The e-hall ticket will be issued for only those candidates who book a slot using the ENAT booking system before the booking end date for respective courses as per the booking schedule.

The e-hall ticket will indicate the e-hall ticket number, course/s applied, address of the test centre, test date & time selected by the candidate. Discrepancies, if any, must be brought to our notice immediately.

The e-hall ticket will be made available on www.manipal.edu. Candidate should provide the application form number and ENAT booking password to download the e-hall ticket. The copy of the e-hall ticket will also be emailed to the candidate. Candidates must provide valid email ID in the application form. The e-hall ticket will NOT be dispatched to candidates via post or fax.

Candidates should ensure that a printer is connected to their computer while printing the e-hall ticket. Please ensure that all information on the e-hall ticket including photograph is clearly visible on the print out.

No candidate will be permitted to appear for the test without a valid e-hall ticket.

The candidates must not mutilate the e-hall ticket or change any entry made therein after it has been authenticated and received by them. The e-hall ticket is not transferable to any other person. Impersonation is a legally punishable offence. The e-hall ticket is an important document; it must be preserved and produced at the time of counselling/admission.

Report to the selected test centre with the two copies of the e-hall ticket, one photocopy of the application form and any one of the following for photo identification:

Passport/Driving License/EC Voter ID card/IT PAN card or School/College photo-bearing ID card

ENAT assumes that the candidate has basic familiarity with use of computers like use of keyboard and mouse operation. It is the responsibility of the candidate to acquire these skills before appearing in the test and the EPSI cannot take responsibility for the same.

The final score will be displayed on the test screen immediately after the completion of the test.

IMPORTANT NOTE

- The number of examination days will be estimated based on the total number of applications received for the particular group of courses and test centre choices given by the candidates in the application.
- In the rare and unlikely event of a technical failure during the test, the candidate may be required to attempt for the test again.
- Candidates must visit www.manipal.edu regularly to obtain latest news, information and updates on online entrance test.

REGULATIONS AT THE TEST CENTRE

Any conversation or gesticulation or disturbance in the test hall shall be deemed as misbehaviour and if a candidate is found using unfair means or impersonation, their candidature will be cancelled and they will be liable to be debarred from taking examination either permanently or for a specified period to be decided by the University. The University reserves the right to withhold the result of such candidates.

Candidates must sign the attendance sheet in the presence of the invigilator. The invigilator will also put his/her signature in the place provided in the e-hall ticket.

ENAT PROCEDURE

The candidates must ensure that the computer allotted to them is switched on and any problem with the computer should be informed to the invigilator immediately.

The questions appearing on the screen will be in English. All questions will be of the Multiple Choice Question (MCQ type).

Each MCQ will consist of a stem which may be in the form of a question or an incomplete statement and four responses labeled A, B, C and D. One of the four responses only is the correct or most appropriate answer. Candidates must choose the correct or most appropriate answer by clicking on the button next to the answer. - Format - Authorization for Representative

COUNSELLING PROCEDURE

The list of candidates eligible to attend the counselling, counselling schedule, venue and other relevant details, will be made available in the website www.manipal.edu.

Successful candidates will be allotted seats according to their rank and number of seats available.

Only the candidates whose ranks are included in the counselling schedule are required to attend the counselling.

The physical presence of the candidate at the counselling is mandatory. If a candidate is prevented by unavoidable circumstances from being physically present for the counselling, he/she may authorize another individual to represent him/her at the counselling.

This representative must carry the authorization in the format given in the page 67 and bring all the documents and the full fees. Absence of the candidate or his/her representative at the indicated reporting time and date will result in the instantaneous forfeiture of any claim for a seat.

The choice of course made by the candidate / representative is final and binding and cannot be altered later under any circumstances.

Only the candidate/representative will be allowed into the counselling hall. They will be called in the order of their ranks and offered the seats available at that point of time. They are permitted to choose any of the seats available during their turn. Ties will be resolved in the manner described below:

- a) The Net Average Score (NAS) obtained during the qualifying examination will be calculated by taking the gross average marks of all the Board / University examinations and subtracting a factor determined on the basis of the number of failures. The tied candidates will be re-ranked on the basis of NAS.
- b) In the event of NAS of two (or more) tied candidates being identical, the candidate with fewer failures will be ranked higher.

For the purpose of this rule, each failure in a subject in a (semester/year) Board/University examination will be reckoned as one failure. Non-appearance in a particular subject in an examination for whatever reason will also be counted as failure.

WAIT LIST

When all the seats in a given course/s are filled, candidates may choose to be waitlisted.

- i) Candidates may opt for one course and simultaneously get waitlisted for other course/s.

Such candidates are required to pay the fee for the course to which they are admitted. Failure to pay the fee will result in instantaneous forfeiture of the seat.

On subsequent selection to the course to which they are waitlisted, these candidates need to pay the difference of fees, if any.

- ii) Candidates who opt only to be waitlisted, need not pay any fee until they receive the selection intimation from the university that they have been selected for admission from the waiting list as a consequence of withdrawal or cancellation of admission of any originally admitted candidate.

- iii) The University officer in-charge of counselling will declare the waiting list for each course as closed as soon as he/she is satisfied that an adequate number of candidates have been waitlisted for that course.

- iv) Candidates can waitlist only for the course and not for the campus.

DOCUMENTS

During counselling all candidates are required to produce the original and two sets of photocopies of following documents. In the event of admission, the University will retain these documents till the candidate completes the course.

Candidates are warned against submitting the colour photocopies of the original marks card in lieu of the original marks cards. Original marks cards which are laminated will not be accepted by the University. In the event of submission of such fraudulent original marks cards, incorrect or untrue information or suppression or distortion of any fact in the original marks card, admission/degree of the candidate is liable for cancellation.

Request for withdrawal of the original documents submitted can be made only for genuine reasons in the prescribed application available at the Admissions Office.

Failure to produce the document/s on the day of admission or by the date specified for this purpose will result in instantaneous forfeiture of the seat.
